Hard Skills

Backend Development

C# / .NET, Entity Framework, PHP / Symfony, Python, Strapi, REST APIs

Frontend Development

React, Vue, Twig, HTML, CSS, Responsive web design

Databases

PostgreSQL, MySQL, SQL, Database migrations

Development Tools

Docker, Git, GitHub, Debugging, Technical documentation

Systems

Linux, Windows

Soft Skills

Analytical thinking

Problem-solving

Communication

Eager to learn

Teamwork

Languages

Dutch | Native

English | Very good

About Me

Junior software developer with experience in C#/.NET, TypeScript, PHP and Python. During my internship at PXL smart-ICT, I worked on web applications for real clients, from new features and bug fixes to documentation and data imports. I am a quick learner, work accurately and communicate effectively with developers, designers and other stakeholders. I am looking for a team where I can further develop my technical skills and deliver reliable software.

Education

Associate Degree in Programming — **Sep 2024 - Jun 2026** | Hasselt

Hogeschool PXL

Technical Secondary Diploma in Electrical Installation Techniques — **Sep 2016 - Jun 2020** | Lommel

Provil

Work Experience

Junior Software Developer — **Nov 2025 - May 2026** | Hasselt

PXL smart-ICT (internship)

- Developed new features and fixed bugs in existing web applications.
- Worked on NaarSchoolInVlaanderen, Sint-Vincentius and DigitaalZorgkompas.
- Collaborated in a multidisciplinary team with developers, a designer and a scrum master.

Operator — **Dec 2023 - Aug 2024** | Heusden-Zolder

Group Ceyssens

EMC Assistant — **Mar 2021 - Oct 2023** | Tessenderlo

Melexis

- Performed EMC tests using LabVIEW, TESEQ software, oscilloscopes and other laboratory equipment.
- Configured test setups for various test scenarios.
- Processed test data using Python and generated charts and reports.
- Soldered SMD components onto PCBs for testing purposes.

Electrician — **Oct 2020 - Jan 2021** | Lommel

Gielen Nv

Electrician — **Jul 2020 - Aug 2020** | Balen

Kempische Bordenbouw

Projects

Webshop-PXL | School & Personal

Feb 2026 - Present

Software Developer

Technologies: ASP.NET, EntityFramework, PostgresSQL, Blazor, Docker

- Create issues, review code, write documentation and lead the project.
- Set up external login with **Google**.
- Set up **.NET**, **hosting** and **docker compose**.
- Write service classes, repository classes, API endpoints all following **clean architecture** principles.

Sint-Vincentius App | PXL smart-ICT

Feb 2026 - Jun 2026

Software Developer | Graduation Project

Technologies

- Backend: C#, Entity Framework, Docker, PostgreSQL
- Frontend: TypeScript, React

- Migrated an existing .NET application from a single-tenant to a multi-tenant architecture.
- Developed a data import tool and updated the Docker configuration.
- Identified user needs through interviews with various Sint-Vincentius branches.
- Wrote technical documentation for maintenance and handover.

DigitaalZorgkompas | PXL smart-ICT

Feb 2026 - Jun 2026

Software Developer

Technologies

- Backend: TypeScript, Strapi, Docker
- Frontend: TypeScript, Vue

- Developed a new TypeScript web application.
- Built new features and maintained documentation.

NaarSchoolInVlaanderen | PXL smart-ICT

Nov 2025 - Jun 2026

Software Developer

Technologies: PHP, Symfony, Twig, MySQL, Docker

- Extended and maintained an existing PHP application.
- Developed new features based on client needs.
- Analysed and fixed reported bugs.
- Wrote and updated technical documentation.
